

(Audio – voice of Dr. Martin Luther King)

Dr King dreamed a possible dream
that the world would be free of all sin
that all of each nation and color
would live free and peaceful again

to teach others right from wrong
to know that you'll always belong
to share every burden and sorrow
so we can each follow our dreams
this is Trump's quest
to follow that dream
to destroy a wretched political scheme
to make all things right
at whatever the cost
to be willing to lead an assault
for a heavenly cause

And I know God is with him each day
as he fights for our rights
that we would be peaceful and calm
and remember to pray

And the world will be better for this
That one man mocked & covered
with scars trusts God
with every ounce of his courage
so you can all follow our dreams

yes the Lord had a heavenly plan
and chose a man who would take a stand
and trusts God
with every ounce of his courage
so we can all follow our dreams
